## Hockey News

Strathmore Wins from Calgary Capitals

A fine game of hockey was played on the Strathmore rink on Friday evening between Calgary Capitals and the Strathmore team. It was a very even game all the way through, as the final score Strathmore, Capitals 2, amply demonstrates. The winning goal was scored a few seconds before the close of the third period, when the Strathmore boys had been pressing the Calgary goalkeeper for several strenuous minutes.

Strathmore scored one in the first period, Manager McFarland doing the honors. The second period was scoreless, but in the third period Calgary scored twice and Strathmore tilted, the score being tied twice in this period. Kidland scored both goals for Strathmore.

Teams were very evenly matched. Jack Downie made a number of good saves in goal, and the other boys kept the aggressive all the way through, particularly in the third period. Rev. Father Duggan refereed, and the game was a clean one throughout, there being some of the incidents that distinguished the previous game with Gleichen. The attendance of spectators was large, and Strathmore handily overcame their opponents.

The teams were: Capitals—Belton, J. H.; Spence and Huxford, defense; Harvey, Gildon and Nichols, forwards; Richardson and Van Buren, spares. Strathmore—Downie, goal; Gannon and McFarland, defense; Whyte, Gray, Jenkins, forwards; Kirkland, Colburn, Smith, spares.

Goal referees—Pomeroy and Moore.

## C.P.R. STAFF BATTLE

Thursday night the rink was the scene of a violent combat between teams representing the local C.P.R. headquarters office and shop staff. After an exciting game the hardy sons of toil defeated victorious officers of the white hand, and the winners, the score being 7-4. Manager McFarland refereed.

Teams were: office—Downie, goal; Zeaman and Strathmore, defense; Young, Nelson and Van Buren, forwards. Shop—Sid Hyde, goal; Gannon and Spence, defense; Gray, Hens and Pender, forwards.

## THE GLEICHEN GAME

The Gleichen "Cub" described the game played between Strathmore and Gleichen, at Gleichen last Tuesday evening as being the bloodiest played on the rink there. The final score was 4-1 for Gleichen. There were apparently several fights throughout the game, and the Gleichen referee used his belt as a weapon upon one of the Strathmore players.

We hope the same kind of Bolshevik tactics will not be pulled off when Gleichen plays the return game here.

## NOTE

Rev. Father Duggan, who refereed Friday night's game between Capitals and Strathmore, was at one time a star player in the Maritime Provinces, and can still give a good account of himself on the ice.

The ice was in very good shape on Friday evening, and contributed to the speed of the game.

Expense of bringing outside teams here is heavy, and local people should therefore turn out in force and swell the admission receipts.

The rink is proving very popular with skaters.

Si Welch, who played with the Calgary Capitals here, was last year a member of the Strathmore team. I am employed on the local bank staff.

Another member of the Capitals is my brother, to Mr. Harry Van Buren. The sporting instinct runs in the family.

Bored Sportsman (at ball)—"Oh, yes, I know Lord Covey very well. I've often shot at his house."

Poor Partner (from more hard)—"Did you ever hit it?"

## Where Did The Aeroplane Go?

It will be remembered that during last summer an aeroplane driven by Capt. Fred McCall crashed near Ardenode, presumably without injury to the pilot, while on the way back from the north. Recently, while Capt. McCall was out with the insurance adjusters to arrive at the compensation to be paid, a considerable portion of the machine was found to be missing, including the engine.

Since the loss was discovered the Provincial Police have been conducting an investigation as to where the missing parts went to, and it is considered probable that the clues that will enable them to trace the thief.

Before Magistrate John, at Calgary, on Monday, Jan. 9, Hugh and George Edgar pleaded guilty to stealing a portion of the motor of a motor car and the motor of a truck, and were fined \$100 each on six months suspended sentence.

REPORT OF THE COUNCIL MEETING, DECEMBER 22, 1922

The council meeting on February 21st was postponed owing to the cold weather, and was called for the 25th of December, when all but one councillor was present.

The bill owing this district as set out in the audit for 1921 by the old (last) Board was discussed and the secretary instructed to take the matter up and present the bill for the amount to the Administrator. If this is allowed by the Hall Board, this district will be reimbursed about \$700.00.

The matter of the Rockford hospital was brought up and on motion the sum of \$50.00 was granted the same for the maintenance on behalf of this district. It was pointed out that this institution has been doing a great deal of good and many of the taxpayers have received care and attention.

The Reeve reported on behalf of the council interviewing the Dept. of Municipal Affairs, Public Works and Tax Commissioner, and pointed out some very creditable concessions granted this district by the department. In connection with the report assessment to the government, this district is to be allowed an appeal to the Equalization Board to reduce the total assessment which is pointed out as being too high. In turn the district is permitted to conduct a court of revision for the appeals of assessments within the district. The Dept. of Public Works was requested to pay this district a portion of the costs of constructing roads and bridges on the main road from Drumheller to Calgary which runs through this district. Other districts have received a share of the cost from the Government and it is understood that we will receive approximately \$15,000 from this source.

The date of the next meeting was fixed as February 20th, when nominations will be received for councillors in Divisions 2, 3, and 5.

The poundkeeper reported on seized animals and notified the council of his conducting a sale of several impounded animals.

## NIGHTINGALE NEWS

The second of the C.F.A. social evenings was held on Friday evening last. A court ship drive of 24 hands took place in the hall. The winners were: Ladies—1st, Mrs. Stencher, hockey, Mrs. Dell Anderson. Gentlemen—1st, Mr. R. A. Lambert, hockey, Mr. C. Shonker. After supper a musical programme was given, Mrs. Thornton, Miss Hilton, Messrs. Griffiths, E. P. Neel, and R. A. Lambert, being the artists. The president and secretary with numerous other members of the C.F.A. gave an exhibition of disbanding, after which dancing was indulged in. The next social evening will be held on Friday, January 27, when a debate will take place between Messrs. Lambert and Neel on the topic "Ladies vs. Country Life." Mr. Ayres delegate to the convention, will give his report, and after supper old time dances will be the order of the evening. For those who do not dance there will be card tables.

The U.F.A. Entertainment Committee propose holding a musical evening every two weeks throughout the winter, free to all, as it is giving them much satisfaction to hear how much they are enjoyed.

We are glad to see Mr. Geo. Thurston, who is one of the prominent members of the U.F.A., making satisfactory recovery from his long illness. He was able to take in the last social.

There was a large attendance at the annual meeting of the Valley School District on Saturday last. The representatives expressed themselves as pleased with the way the business had been conducted during the year. A splendid report was presented from the Inspector, which drew Mrs. Connon, the teacher, much credit. Mr. Shonker was re-elected trustee.

## Winter Sports in Quebec

1. The Chateau slide. 2. Dog sleighing at Kent House; on the left Miss K. Fox, winner of the race.

With the object of making Quebec the leading winter sport city on this continent, a very attractive and varied programme of matches, races, and competitions is being arranged for the season of 1921-22, and visitors to this beautiful and romantic old French-Canadian village and old city will have a wonderful opportunity of witnessing or participating in all the winter sports and amusements.

The Chateau Frontenac, which is the traditional North American winter resort, is co-operating heartily by its territory of a large slide.

The whole city, with its hills, streets, its skating rinks, its beautiful Hatfield's Park on the Plains of Abraham, its proximity to quaint old French-Canadian villages and natural scenery of spectacular beauty such as Montmorency Falls, its atmosphere of hospitality and gaiety and charm, offers to those who love to tramp on snowshoes or glide on skis, or hurdle down on toboggans, all in a historic setting without the parallel in North America.

the boom and the curling stone, and a sleighing race. A dog sleigh is a step on the ladder to a sleigh drawn by a fast trotter.

Winter sport is thus native to Quebec. The snowshoes and skis extend to visitors' aerial invasions to their ratings which are always most interesting and enjoyable affairs. A big curling bonspiel taking for a week, will be held sometime during February, in which teams from many points in Canada and possibly the United States will participate. Within the Chateau Frontenac there will be indoor golf, billiards, music and there is an excellent door for dancing. The convenience of having a curling rink actually within the Chateau walls and a skating rink immediately adjoining the hotel, need only be mentioned to be appreciated, while the fact that the skis are within less than 200 yards of the hotel.

## Cheadle Ladies' Club Does Good Work

Editor, Strathmore Standard.

Below we give a statement of the receipts and expenditures of the Cheadle Ladies' Club, for which we assumed the responsibility two years ago, and which has at all times received our most careful consideration, realizing as we did, the trust placed in us.

Prior to Mr. Cowan's death the public were kept in touch with what we were doing, but when we passed a resolution to the effect that the remainder of the funds were to be used for some similar to the one for which it was originally intended, viz. in case of sickness or accident, where no other means of help were available.

The balance of this fund will in all probability be required for the treatment of the last named little sufferer on the list.

We wish to take this opportunity of again thanking those who helped make these things possible, remembering the words of our saviour, "Inasmuch as ye have done it unto the least of these my brethren, ye have done it unto me."

Ardenode U.F.W.A.

"What is the U.F.W.A. doing?" is

the question of today.

May I call your attention to the report as here stated before, and then let me ask you, "what are you doing and what will you do to keep the good work on the move?"

The U.F.W. No. 296 was organized at the Strathmore School, December 15, 1920 by Mr. Gohard and Mr. Danks.

During the past year twenty paid-up members and several promised members have been recorded, twenty regular meetings held, one special meeting and an average attendance of ten.

Miss May Gohard attended all meetings, Mrs. Hornsbeck and Mrs. Danks fourteen meetings.

We endeavor to enrich the social life of our community and study the questions bearing on our interests as farmers and citizens.

Four enthusiastic delegates have attended various conferences and brought back instructive reports.

Funds have been realized by means of different kinds of socials, among which I especially mention the farewell party given by Mrs. Danks, so much enjoyed by all. Pressing on the intellectual power of men a tie occurred between J. Hornsbeck and J. Taylor when endeavoring to make a speech on: "Describe the appearance of your wife as a bride." J. Taylor drew the lucky straw and became the winner.

You will enjoy a treat. Remember the date. Respond to roll call: What have you learned and how have you been benefited by the U.F.W.A.?

Calgary, Alta.—The Alberta provincial government established a precedent in dealing with wage disputes when they appointed a Calgary firm

to investigate the claims made by certain miners in the Ardenode coal field against their employers for back wages. When the investigating firm

has made a report, the government will deal with the case direct, instead of throwing the onus of collection on the miners themselves.

W. P. Miller, president of Western Grocery, Limited, has brought back to Winnipeg from the Pacific Coast a little story which indicates the kind of tempered optimism which is even today out there. During the period of his stay it rained almost continuously. Finally he asked one of the boys if he thought it would ever quit. "Well," he came back, "it always has."

And so we may expect this time of hard times to come to an end—they always have.

General sympathy is being expressed with Premier Greenfield in the death of his wife, which took place in Edmonton on Friday, after a short illness. Endured as he has been with the care of Government since assuming office, the shock will be a heavy one to him.

The Strathmore boys who went down to Glenora last Tuesday in a boxing competition met defeat. A. R. Foster's pinky by 15-3 and A. W. Anderson's by the narrow margin of 11-10. As the Strathmore boys have no pinky in practice, they can be expected to have done very well, especially as Glenora coaches hold the Bow Valley championship against Haselton and Inverness.

Saturday's Charlie Chaplin picture in the Memorial Hall was attended by a big crowd. We understand it is the intention of the management to discontinue the Saturday picture until the end of the winter, as it is difficult to get an attendance from the country just now. The Wednesday shows, however, will carry on as usual.

Mr. Henry Devereaux, who has been visiting here for the last week, left his home at Victoria on Saturday. Mr. Devereaux was at one time in the dairy business here.

Mr. Wm. McLeod, who has for a number of years past been superintendent of elevators for Messrs. Parsh and Helmbeck, Calgary, will be removed shortly to the position of manager of a cereal elevator which that firm intends to operate at Fort William shortly. Hayden and Elmer, when irrigation construction was in full swing here, and since then has often passed through Strathmore on visits to elevators throughout the district. His many friends will be pleased to hear of his advancement.

One of our public officials has had a number of candies manufactured with his name and title inscribed thereon. This will ensure, at least, that the children will not be in ignorance of who is the directing intelligence of this town.

Lloyd George will be getting a call down from the Politicians and Strathmore's Union, if such a body exists. He is reported to have worked twenty-two continuous hours in endeavor to settle the Irish question. This goes to show that everyone does not conduct business on the eight-hour system, and it is probably a good job that this is so. We hope there are a few initiators of Lloyd George in our new Governments.

Ice is now being cut on the park lake, for the Strathmore Meat Market icehouse. It is about two feet thick.

## Agricultural Instruction

Plans have just been completed for the largest program of winter instructional work ever carried out by the Department of Agriculture.

The plans include the operation of a special train through portions of the province, the holding of a series of conferences between business men and farmers in Southern Alberta, the holding of short courses in irrigation, the holding of a large number of meetings to discuss methods of farming, a series of poultry meetings, and so forth. The big idea to be presented in all of these meetings, as emphasized by Hon. George Hoodless, Minister of Agriculture, is to encourage the farmer to produce the stuff that can find a ready market, the stuff that will earn for him a living from day to day, and enable him to pay his debts as he goes along.

The special train will carry exhibits of bacon hogs, dairy cattle and mutton sheep. It will be in charge of S. G. Carlyle, Livestock Commissioner of the province, and will provide instruction in the dairy industry and the raising of types of bacon hogs and mutton sheep.

The three conferences to be held in Southern Alberta at different points will be for the purpose of getting the farmers and business men together to discuss mutual problems. Officials of the Department of Agriculture, of the C.P.R. Agricultural Department, and of the Dominion Experimental Farms will be in attendance.

There will be a series of four or five days courses in irrigation started by the Department of Agriculture some time in February to be held at various points in the irrigation district or the south.

There will also be a series of 2 meetings in the south to be addressed by M. L. Pons and James Murray, agents of the Department of Agriculture, on methods of farming.

A series of poultry meetings is also being arranged, starting at Blackie on January 22nd and working south.

## New Highways Board

Hon. Alex. Ross, Minister of Public Works, has now completed his new Highways Act, which will establish a Highways Commission, who will make recommendations with respect to a system of roads and their construction in the province. The Act will also establish a Highway Board which will include one member from the engineering staff of the university, the Highways Commissioner, who shall be chairman, and two members named or recommended by the association of Municipal Districts. The duties of the Board shall be to consider reports of the Highway Commissioner, to allocate money voted by the Legislature, to make rules of traffic. The Act also classifies highways as follows: Main Highways, the cost of which will be borne by the province; shorter roads, part of the cost of which will be assumed by the local authorities; local roads the entire cost of which will be borne by the local authorities; and colonization roads, for the purpose of opening up new districts, the cost of which will be borne by the government. The Alberta association of municipal districts has finally approved of the general ideas of this Act, though they have expressed a desire to have a more independent commission with much greater powers. Hon. Mr. Ross, however, firmly believes that the final responsibility should rest with the province, and his Act has been drafted on that principle.

## Red Cross Appeals For Local Support

With the co-operation of the Provincial authorities, as attested by the letter published underneath, from Premier Greenfield, the Alberta branch of the Red Cross are conducting an appeal for the distribution of clothing to the residents of all districts suffering from crop failure. The support of the press has been asked for in making this appeal, an object that is a very worthy one. The funds at the disposal of the Red Cross are at the present exhausted, and a sum of \$40,000 is required to carry on with.

Any contributions towards this cause can be sent to the Standard office, and will be gratefully acknowledged through our columns, or they can be sent to the local Red Cross present in secretary.

Following is Premier Greenfield's appeal:

### RED CROSS DRIVE

The Red Cross is doing in Alberta, by arrangement with the Government of Alberta, has been in charge of the distribution of clothing to the residents of the drought stricken areas where needed. The Society now finds that the funds for this work are now exhausted, and it is opening a campaign for the raising of from \$50,000 to \$100,000 for the payment for clothing already purchased, and for the carrying on of this work for the balance of the season.

I have no hesitation in giving this appeal my hearty endorsement. The work of the Red Cross in the distribution of this clothing in the drought areas has been of inestimable value.

The need for clothing is a very real one and I am confident that the need existing now in the south for clothing only needs to be drawn directly to the attention of the people of Alberta to ensure a generous response to this appeal for funds.

(Sd) Herbert Greenfield,  
Premier.

### "THE NEW YEAR"

Beside the stream of time,  
The old year's leaves have fallen.  
But list! and you will hear,  
Of fresh joys, New Year's calling.  
The past is gone beyond recall,  
Fain all rejoice and cheer;  
No effort can blot out the page,  
From the record of past years.

But we can write a fairer page,  
In the history that's yet to be;  
Nor tread in the path of gloom,  
For the eyes of the world to see,  
We may not win either riches or fame,  
Nor tread in the path of gloom,  
The tale of our deeds may never be heard,  
Or exulted in song and story.

But we can do our daily task,  
With more willing and cheerful men,  
We can lend a helping hand;  
Though our deeds may never be seen,  
A kindly word, a cheerful smile,  
May help on life's rough way;  
And we can do our level best  
To live better day by day.

—F. C. Butchart,  
Careland.

### AT THE PARTY

Maudie—"How is it that Fred never takes you to the theatre now?"  
Ethel—"Well, you see, one evening it rained, and so we sat in the parlor."  
Maudie—"Yes?"  
Ethel—"Well, ever since that we—oh, I don't know; but don't you think that theatres are an awful bore?"

### HAVE YOU HEARD IT?

The husband had provided no inspiration, and the daughter of the house, trying desperately to keep the conversation going, said: "Did you ever hear the joke about the circus dealer who had two skulls of Columbus—one when he was a boy, and the other when he was a man?"  
Ethel—"No, I don't think I have. What is it?"

Our store will be closed each Wednesday afternoon, from 1 p.m., until further notice, excepting on weeks on which there is a legal holiday.

## Berta Vale School

The annual meeting of the ratepayers of the above school district was held on January 15th. There was a very large attendance of ratepayers which goes to show that each and everyone is taking a more lively interest in educational matters. After the general routine of the meeting was over the meeting proceeded to an election of trustees as Mr. E. E. Thompson's term having expired; the result was that Mr. W. E. Mercer was elected for the next three years. Mr. J. E. Galpin, who presided over the meeting, was unanimously elected chairman for the ensuing year. During the last year a successful "bee" was held to improve the school grounds. This year it has been proposed to hold another "bee" in May for the purpose of planting a large number of trees in the school grounds, and other improvements.
